

To Whom It May Concern,

Flagstaff Young Professionals (FYP) is a Flagstaff Greater Chamber of Commerce initiative that serves local leaders between the ages of 21 and 39 years old. Our purpose is to engage individuals who want to develop and advance their careers, to engage in community service and make a positive impact, and to boost their leadership potential on boards and commissions.

FYP is organizing our signature professional development event of the year: Leadership Mentoring Summit. This event is a dynamic and high-energy event described as “mentorship speed-dating”. FYP attendees are assigned to a table with a mentor, a seasoned business professional, who then shares their career journey with the attendees. Attendees have the opportunity to ask questions and receive invaluable professional advice from our mentors.

We are asking for your business’s support to bring this amazing and worthwhile event to our Flagstaff Young Professionals by leading a table at the event and/or becoming an event sponsor.
